

LifePak®

ANTI-AGING FORMULA

In the twenty-first century, people are living an average of 30 years longer than a century ago. At the same time, health problems associated with normal aging continually increase. So we're living longer, but are we living better? Start taking care of your health now and really live those extra 30 years. More than 1,000 clinical studies show the benefits of the ingredients in LifePak®. Recent research strongly suggests that a major cause of aging is oxidation of cells and free radical damage of DNA. LifePak® is clinically proven to protect the body from oxidation and free radicals. LifePak® is formulated to add life to your years!

- Provides powerful protection against the symptoms of aging to help you look and feel better longer*
- Offers superior protection against pollution, toxins, and stress with more alpha-lipoic acid, lycopene, and grape seed extract*
- Delivers comprehensive nutritional support for healthy bones*
- Supplies a comprehensive blend of nutrients to support a healthy cardiovascular system*
- Provides choline and inositol, ingredients that help support a healthy brain and liver*
- Offers recognizable benefits to your health with its clinically proven formula*

Competitive Advantage

LifePak® provides a full arsenal of nutrients that targets and inhibits free radical damage to DNA occurring during the natural aging process. DNA is the genetic material inside the cell's nucleus and mitochondria (cell's energy powerhouses). Healthy cell DNA is necessary for normal cell rejuvenation and regeneration, which takes place constantly on a daily basis. LifePak® delivers comprehensive nutritional support to help improve your cell DNA's ability to withstand free radical damage. LifePak® now provides 500 percent more lycopene, 300 percent more alpha-lipoic acid, and 150 percent more grape seed extract. In addition, it supplies catechins equivalent to four cups of green tea—making the antioxidant arsenal in LifePak® comparable to no other multivitamin/mineral supplement available! Its full-spectrum formula is proven superior to more than 100 competitors as demonstrated by the LifePak® Challenge.*

Ingredient Information

LifePak® is an exceptional multivitamin/mineral supplement optimally formulated for the general adult population. In addition to its improved arsenal of antioxidant protection against pollution, toxins, and stress, LifePak® offers comprehensive bone support with calcium, magnesium, vitamin D, vitamin K, boron, and silicon. Additionally, LifePak® provides vitamin E, folate, and vitamins B₆ and B₁₂ to provide overall cardiovascular support. Its full-spectrum formula provides a balanced array of B vitamins and now has more than twice the amount of thiamin and riboflavin than before (500% the RDA of each) for improved energy metabolism.* LifePak® is the most scientifically advanced multivitamin/mineral supplement available as demonstrated by the thousands of clinical studies published on its individual ingredients.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Usage

RECOMMENDED ADULT USE: Two packets daily. Take the contents of one (1) LifePak® with eight (8) ounces of liquid with your morning and evening meals.

See reverse side for more information regarding supplement facts and how to order.
